

Our progressive systems offer the best combination of performance, energy efficiency, and value

MCS has been in business for over 50 years promoting, applying, and selling commercial and industrial HVAC equipment. Our sales engineers are experts in the application of the products that we sell. Along with our support staff, we focus on customer service, project tracking and after sales support to provide the best possible outcomes for our customers.

The business philosophy of MCS is quite simple. We consider ourselves to be customer representatives as well as manufacturer's representatives. Our customers are the designers and builders of buildings and industrial processes. Our goal is to provide technical assistance, project control accuracy— from order to installation and beyond—as well as competent, prompt service when required. We endeavor to represent manufacturers of the highest quality equipment whose business doctrine coincides with ours.

Please visit our website (www.mcsmms.com) for up to date information from our manufacturers, project success stories, and listings of current products that we have in stock. Contact us to set up sales or service seminars on any of the products that we market. Modular Mechanical Service (our sister company) provides factory authorized service and start-up for all the manufacturers that we represent.

- WS Heat Pumps
- Condensing Units

HAAKON INDUSTRIES Custom air handling

BAC Cooling towers, evaporative condensers

Fulton Boiler products - pulse, tubeless, thermal fluid heaters

EPSILON INDUSTRIES INC. Customized packaged central plants

HIGH-K Heat exchange systems

THERMAL SOLUTIONS Innovative equipment for hot water

motivair Chillers, high density rack & closed loop cooling

seresco Pool Dehumidifiers & Conditioning

Hurst BOILER Steam and hot water boilers

Jetson Modular, heat recovery, and custom chillers

COLMAC WATERHEAT Air and water source heat

jeremias Exhaust Systems

RenewAire Air to air heat recovery

ENERTECH Geothermal/specialty heat pump systems

DuraVent Commercial & industrial chimney and exhaust systems

Xetex Air to air heat recovery

ENVIRO-TEC VAV terminal products and fan coils, air handling

Emergent Coils Commercial and industrial Coils

Swegon Ventilation, heating/cooling, and climate optimization

Islandaire Packaged terminal AC units, water source heat pumps

Danfoss Variable frequency drives

OXYGEN 8 Dedicated outdoor air systems (DOAS)

STERLING Terminal heat transfer units - fin tube radiation

TEMPEFF Air to air heat recovery

JencoFan Fans, utility sets, and gravity vents
